The arrangements for putting the goals of the policy statement into practice are contained in more specific form in the '**arrangements**' section, which includes procedural flow diagrams and high level guidance.

The '**guidance note**' section contains guidance to be observed and adhered to in the course of company operations. Such guidance would be applied in conjunction with task and site specific health and safety instructions and documentation pertinent to individual work activities and environments.

Terminology - throughout this documented health and safety management system we have allocated key responsibilities/duties to employees of Warwick Group Ltd. Where relevant health and safety regulations require mandatory compliance the terminology "ensure" shall be absolute.

Where we have used terms such as recommend, or preferred within the document, these are the recognised standards or methods to be met to comply with the regulations and duty's imposed by the Health and Safety at Work etc Act.

SmokeFree Policy Statement

PURPOSE

This policy has been developed to protect all employees, customers and visitors from exposure to second-hand smoke and to assist in compliance with the Health Act 2006.

Exposure to second-hand smoke increases the risk of lung cancer, heart disease and other serious illnesses. Ventilation or separating smokers and non-smokers within the same airspace does not completely stop potentially dangerous exposure.

POLICY

It is the policy of Warwick Group Ltd that all our workplaces are smoke-free, and all employees have a right to work in a smoke-free environment. Smoking and the use of e-cigarettes and similar devices are prohibited in all enclosed and substantially enclosed premises in the workplace and all work vehicles if they are used by more than one person. This policy applies to all employees, customers, consultants, contractors and visitors.

IMPLEMENTATION

Overall responsibility for policy implementation and review rests with the Directors. However, all employees are obliged to adhere to and support the implementation of the policy. They shall inform all existing employees of the policy and their role in the implementation and monitoring of the policy. They will also ensure that new employees are given a copy of the policy on recruitment/induction. Appropriate 'No-Smoking' signs will be clearly displayed at the entrances to and within the organisation's premises and in all smoke-free vehicles.

NON-COMPLIANCE

Disciplinary procedures will be followed if a member of staff does not comply with this policy. Those who do not comply with smoke-free law may also be liable to a fixed penalty fine and possible criminal prosecution.

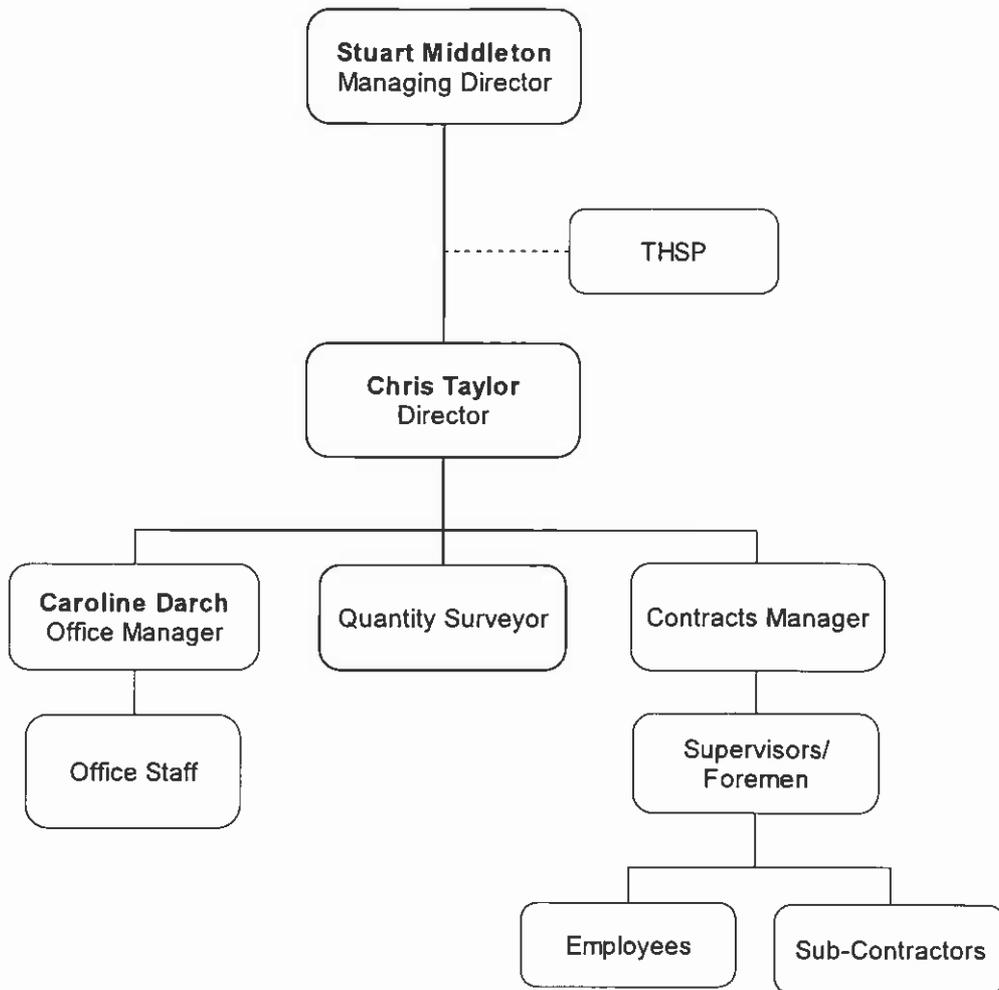

HELP TO STOP SMOKING

The NHS offers a range of free services to help smokers give up. Visit www.nhs.uk/smokefree or call the NHS Smoking Helpline on 0300 123 1044 for details.
